A New Industrial Vision for Chicago

**When: February 8th
2:00-4:00 PM
Reception to Follow**

**Where: MxD
1415 N Cherry Ave
Chicago, IL 60642**

Join us for a mayoral forum about the state of industry in Chicago. All mayoral candidates will be invited to this event to respond publicly to questions about how their platforms impact industrial policy. The event will be moderated by Juan González host of Democracy Now!

- The manufacturing sector represents 11% of Chicago's GDP
- Industrial wages average \$85,000 annually including benefits
- Each manufacturing job generates 6 other jobs
- There are 50,000+ unfilled manufacturing jobs in the region
- Industrial policy impacts all aspects of city life including the economy and job growth, housing affordability, neighborhood stability, sustainability, and public safety
