

JOIN US FOR THE 2ND ANNUAL WILD MILE BLOCK PARTY

BE PART OF REVIVING THE CHICAGO RIVER

WILD MILE

The Wild Mile, Chicago's next great public amenity located on the East side of Goose Island, has made huge strides with the 1st of many floating walkway sections. Since June 2022, the walkway has hosted over 30,000 visitors and engaged Chicagoans with educational programs and events unlike anything ever offered before. What makes the Wild Mile so unique is it will be built with all floating elements, bringing people right to the river-level where they can take in all of the local plants and wildlife.

NORTH LOOP

The next phase of the Wild Mile is to connect the walkway up north to Weed St. This will finish the section referred to as the 'North Loop'. The North Loop will solidify a true entrance/exit and showcase how this park can activate the river for both wildlife and humans alike.

CORPORATE SPONSORSHIP PACKAGES

Help celebrate the Wild Mile and support our ongoing mission of transforming urban waterways into urban wildlife sanctuaries for all.
